

Directions to the Conference Center

Dear conference participant,

Welcome to Göttingen! This sheet will help you reach the conference center from Göttingen main station.

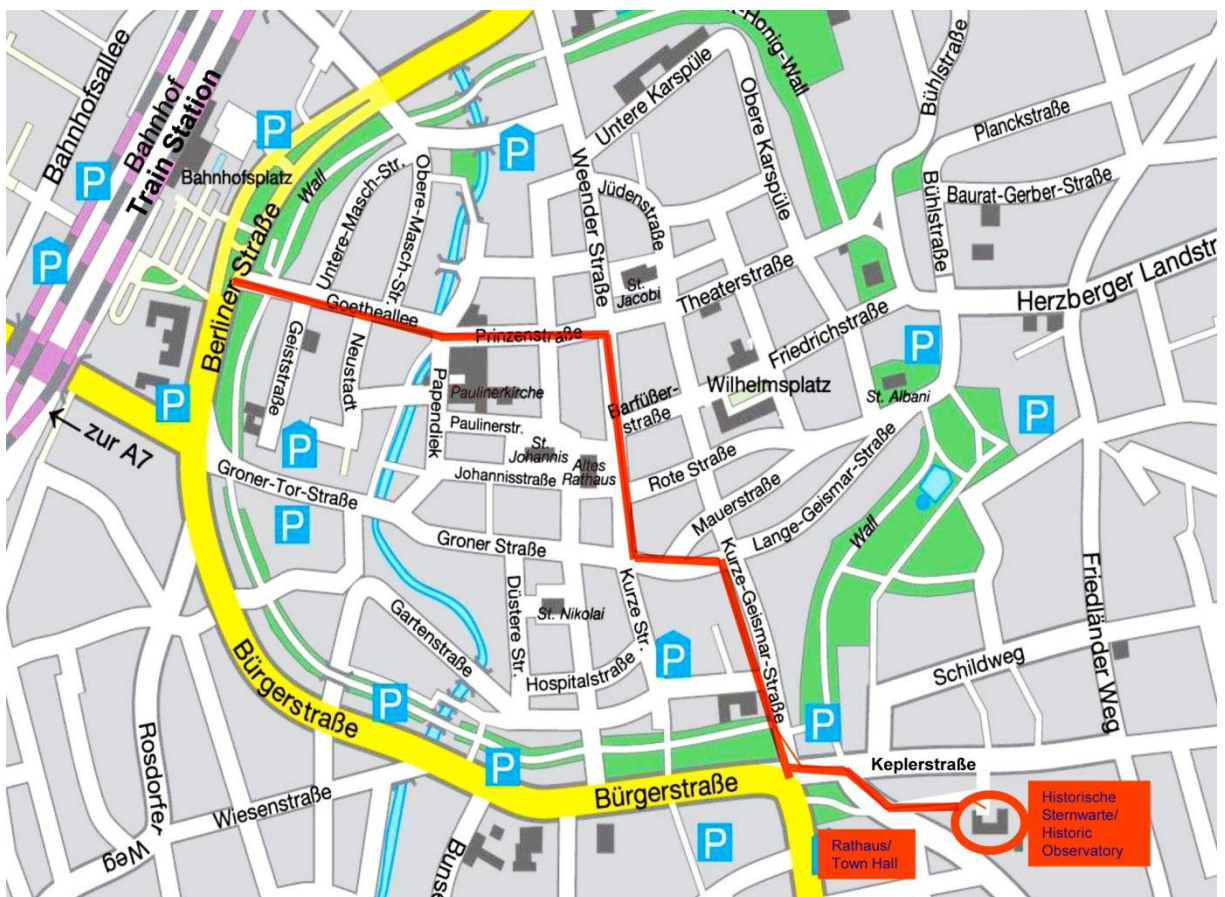

Please note: The conference does *not* take place inside the Historical Observatory itself, but in the Convention Center (“Tagungszentrum”) behind it.

Address of the conference center:

Tagungszentrum an der
Historischen Sternwarte
Geismar Landstraße 11
37083 Göttingen

Directions:

- By bus: Take the no. 12 (direction of “Geismar-Schöneberger Straße”) to the stop called “Keplerstraße”. After exiting the bus, turn right first and then take a sharp turn left at the corner onto Geismar Landstraße.
- On foot: The walk via the city centre takes about 20-25 minutes. From the main station, walk via Goethestraße and Prinzenstraße, turn right on Weender Straße and follow it until the end. On Groner Straße, turn left, then turn right onto Kurze Geismar Straße.

You'll walk towards the Town Hall on Hiroshimaplatz. Before you reach it, turn left onto Geismar Landstraße. The Sternwarte is on the left.
